This leaflet tells you how the team can help you.

About this leaflet

This leaflet tells you about the Community Learning Disability Team and the support we offer.

We hope you find it helpful and easy to understand.

If you need help to understand this leaflet please ask us for help.

Your comments

We want to know what you think about the service you receive from the Community Learning Disability Team.

What was good

What was bad

You can talk to the health staff who support you. They will listen to you and try and sort things out for you.

Or you can talk to the Patient Advice and Liaison Officer.

They will listen to your comments and try to sort things out for you.

You can telephone the Cheshire and Wirral NHS Foundation Trust Patient Advice and Liaison Officer.

The telephone number is **0800 195 4462**

Who we help

We help people with a learning disability aged 18 years and over who have a Trafford GP.

We also help family members, friends and carers who look after people with a learning disability.

Before we decide if we can help you we will talk to you. We will ask you what you want and what you need. This is called an assessment.

Meet the team

Community Learning Disability Nurses

We can help with:

- Advice, support and treatment for health problems.
- Talking to you about your health needs, this is called a health assessment.
- Making a health action plan. This means we will try to make sure your health needs are met.

Meet the team

Transition Worker

I can help with:

Planning to make sure we help and support young people to successfully move through transition into adult services in the best way possible.

Autism Support Coordinator

I can help with:

Working with local people and services like college, doctors and libraries to help them understand what support adults with autism need.

Meet the team

Physiotherapist

I can help if:

- You need signposting and advice around your posture. Posture is the position you hold your body and limbs in when standing, sitting or lying down.
 - You need help with your mobility.
-
- Your GP would like me to give you advice and support if you have chest infections.

Community Support Workers

We can help with:

- Giving information about how to be healthy
- People who need extra support to attend health appointments
- Helping you to do your health action plan

Meet the team

Occupational Therapists

Occupational Therapists can:

- Help develop your skills and be more independent
- Help your carers support you to have a varied day
- Help you and your carers understand your behaviour. This may be because you have sensory difficulties.

Speech and Language Therapists

We can help with:

- Signing, communication aids, talking and understanding.
- Problems with eating, drinking or swallowing.

Meet the team

Clinical Psychologist

I can help with:

- How you and your carer understand your emotional problems
- Looking for the best way to support you when you feel upset and angry

Psychiatrist

I can help you:

- If you are feeling sad, angry or anxious
- I will make sure the medication you are taking is making you feel better
- I can also change your tablets if they are not working

Meet the team

Specialist Health Facilitator for Hospital Liaison

I can help with:

- Helping hospital staff to understand how they can help you to use the hospital
- Helping you to understand hospital tests and treatment

Health Facilitator

I can help you:

- Helping you see your doctor or nurse.
- Getting to health checks at your doctors.
- Helping people understand you might need extra help at health appointments and hospital.
